

## **Premier Player Programme (travelling competitive teams)**

The LISA **Premier Player Programme** (a component of the LISA District Development Centre) is for players who are playing in the current season's U12 and U13 divisions. This is a 'High Performance' programme for the serious player.

These **District teams** represent all clubs within the Lower Island Soccer Association's boundaries in inter-District play.

The Premier Player Programme is focussed on the serious player and provides them with an opportunity to train and play with a more advanced group of players. Emphasis still focuses on the fundamental skill development but is accomplished by grouping these like-minded players together. The PPP would appeal to those players who have aspirations of progressing their soccer careers through the **Provincial Pyramid of Development** to a **Provincial, Super 'Y' League/Metro or IPL** team.

Training of these players falls under the direction of **Master Coach, Alan Churchard** and **Girls U16 Provincial coach, Dave Molinari**.

Selection to the Premier Player Programme is by invitation only and trials for this District team will be held on the following days and times:
