

MASTER RE-SCHEDULING NOTICE

November 4/5, 2023

(and for Girls U14 Tier 4 Nov. 11 has also been re-scheduled)

This master re-scheduling notice is necessary to accommodate the November 4/5 Round 2 matches in the Satterford Cup playdowns. This re-scheduling notice is only for Tier 4.

There are no changes to the Tier 3 November 4/5 schedules.

Tier 4 teams that are still alive in the Satterford Cup and who have been drawn into a Round 2 match will play those games on their usual weekly game day (Saturday or Sunday) *instead* of the league game that was originally scheduled for them.

Teams that are still alive in the Satterford Cup but drew byes for Round 2 and those teams who have been eliminated from the Satterford Cup will play a league game as scheduled in this notice. If there is an odd number of teams then one team will have a bye (no game).

In some cases, in order to schedule league games, fixtures originally scheduled for a date in the future were brought forward to be “played in advance.” In doing so, when that “future date” arrives, that game will have already been played so the original schedule for that date will be revised. Except for Girls U14 Tier 4 that “future” re-scheduling will be distributed closer to those dates.

In Girls U14 Tier 4 a game from November 11 has been brought forward to November 4. That is because there are only two teams available for league play. So bringing forward their November 11 game against each other is the only option.

That means the original schedule for November 11 had to be revised. That revised November 11 schedule is included in this notice (*see Girls U14 Tier 4*).

When there is re-scheduling it is very important that teams connect with their opponents during the week leading up to their weekend game to make sure everyone is aware of the re-scheduling.

NOTE: It is the responsibility of *both* teams in *all* league and cup matches to report the results of their games to their LISA score recorder as soon as possible on the day of the game. And if you do not play a scheduled game you must report why your game was not played.
