

MASTER RE-SCHEDULING NOTICE

March 2/3, 2024

This is the last weekend for which LISA will be scheduling “league games.” The Lower Island season will wrap up next weekend (March 9/10) with the finals in the District Cup. Other than the District Cup finals no other games will be scheduled by LISA for the March 9/10 weekend.

Although the “league games” scheduled for this weekend (March 2/3) do not officially count in the standings both teams still need to report their scores to their LISA score recorder. If these teams have an unplayed league game on their website schedule the score will be posted and therefore the result will be included in their league table as the schedules and the standings are connected via the same software program. However, as previously noted, they do not officially count in the final standings and can not be used to change league champions or Island Invitational Cup reps as previously declared by LISA.

ISLAND INVITATIONAL CUP: The 58th annual Island Invitational Cup finals (Lower Island reps vs. Upper Island reps) are scheduled for this weekend. All U14, U16 and U18 finals, for boys and girls, will be played in the Lower Island. The Upper Island will host the U15 and U17 matches.

Please note that it is the responsibility of *both* teams in all league and cup matches (B Cup and District Cup) to report their results to their LISA score recorder *on the day of the match as soon as possible afterwards*. Please make sure you report all your games on time.

BOYS

Boys Under-14 Tier 3 -- on **Saturday, March 2**, play the following:
